<b>Wage Rate:</b> As per PCAM Collective Agreement	<b>EFT:</b> 1.0
<b>Shift:</b> Days	<b>Hours of Work:</b> Various
<b>Position Type:</b> Permanent	<b>Term Condition (if applicable):</b> Not Applicable
<p><b>Position Summary:</b> Portage District General Hospital (PDGH) is an 88 bed regional Centre located in the community of Portage la Prairie. It serves an area with a population of over 50,000 people with a high percentage being First Nations. There are two operating theatres and a two-room ambulatory care clinic that provides space for our surgical program. The surgical program is currently home to two full general surgeons and two ENT surgeons. In addition, the OR is routinely open for pediatric dental cases as well as cataract surgeries. The anesthetic component to surgery is provided by 5 General Practice Anesthetists (soon to be 6 in July 2019) who also provide 24/7 epidural service for obstetric patients. An important component of the OR program is surgical assistants; this responsibility is currently split between family physicians and one physician assistant employed full time in the OR.</p> <p>The assistant will be placed in various hospital settings which include but are not limited to: perioperative care, dialysis, and the emergency department. The PA would spend the majority of their time in Portage District General Hospital.</p> <p><b>Pre-Operative:</b></p> <ul style="list-style-type: none"> <li>• Work with nursing as needed to improve flow of same day surgery patients</li> <li>• Assist surgeons in ACC with general surgery small procedure clinics and ENT procedures; help with set up of instruments, surgical assisting on small procedures Complete Pre-Operative history and physicals to ensure timely completion of required documentation to facilitate efficient surgical scheduling.</li> </ul> <p><b>Operative:</b></p> <ul style="list-style-type: none"> <li>• Surgical assisting with a schedule that may cover some weekend days assisting for surgical emergencies</li> </ul> <p><b>Post-Operative:</b></p> <ul style="list-style-type: none"> <li>• Surgical inpatient rounding with surgeon &amp; family physician supervision</li> <li>• Wound checks</li> <li>• Discharge planning and coordination</li> </ul> <p><b>Dialysis Unit:</b></p> <ul style="list-style-type: none"> <li>• Daily rounding with physician supervision on chronic dialysis patients</li> <li>• Managing complex wounds with supervision of General Surgeons as well as wound care nurses</li> </ul> <p><b>Emergency Department:</b></p> <ul style="list-style-type: none"> <li>• Patient assessment/management, minor procedures, and cast care.</li> <li>• Assist in the conduction and analysis of treadmill exercise stress test</li> <li>• Review of daily diagnostic reports and laboratory culture results to ensure adequate management has taken place</li> <li>• Development of new call-back system to identify high risk patients who have been discharged for the ER to ensure clinical stability and arrange for follow up care</li> </ul>
