<b>Shift:</b> Days	<b>Hours of Work:</b> Various
<b>Position Type:</b> Permanent	<b>Term Condition (if applicable):</b> Not Applicable
<p><b>Position Summary:</b> Boundary Trails Health Centre is a 94 bed Regional Hospital serving all the residents in Southern Health-Santé Sud. There are three operating theatres and a six room ambulatory care clinic that provides space for our surgical program. The surgical program is currently home to four general surgeons, two orthopedic surgeons; two obstetrician gynecologists, and active orthopedic recruitment with plans to increase to three orthopedic surgeons by summer 2018. In addition the OR is open for port placement for Cancer Care patients and pediatric dental cases. The anesthetic component to surgery is provided by 8 General Practice Anesthetists who also provide 24/7 epidural service for obstetric patients. An important component of the OR program is surgical assistants; this responsibility is currently split between family physicians and one physician assistant employed full time in the OR. Full OR capacity is 15 seven hour slates each week.</p> <p>Both PA positions would be within Boundary Trails Health Centre encompassing perioperative care. This includes work in the Same Day Surgery department, Post Anesthesia Care Unit (PACU), Ambulatory Care Clinic (ACC), within the operating theatres, as well as the surgery and rehab wards.</p> <p>Pre-Operative:</p> <ul style="list-style-type: none"> <li>● Assist FP-Anesthetists with regional anesthesia (blocks) including setting up and monitoring patients post block but pre-OR</li> <li>● Work with nursing as needed to improve flow of same day surgery patients</li> <li>● Assist surgeons in ACC with either orthopedic cast clinics or general surgery small procedure clinics; help with set up of instruments, surgical assisting on small procedures</li> </ul> <p>Operative:</p> <ul style="list-style-type: none"> <li>● Surgical assisting with a schedule that would cover some weekend days assisting for surgical emergencies</li> <li>● Improve flow of patients between OR/ward/SDS to increase OR efficiencies</li> </ul> <p>Post-Operative:</p> <ul style="list-style-type: none"> <li>● Surgical inpatient rounding with surgeon &amp; family physician supervision</li> <li>● Wound checks</li> <li>● Discharge planning and coordination</li> <li>● Assist in development and adoption of an ERAS system <ul style="list-style-type: none"> <li>○ Which would include <ul style="list-style-type: none"> <li>● Appropriate use of prn medications</li> <li>● Ensuring ambulation</li> <li>● Ensuring timely removal of IVs and catheters</li> <li>● Problem solving patient specific barriers to these interventions</li> </ul> </li> </ul> </li> </ul>
